ninaoyens@gmail.com · +44 (0)7491005077 · London · E5

I am originally from Rio de Janeiro, Brazil but have been based in London for almost a decade. I am a National Film and Television School graduate cinematographer, with a student BAFTA nomination. I have experience in short narrative, animation, documentary, music promos and commercials. In my work I value innovation and creative storytelling, as well as building long-lasting relationships with directors and crew. I am drawn to poetic cinematography and character driven narratives. I believe good collaboration is key and always try to keep my sets as fun and professional as possible.
