View as schedule, Scheduled time only

Use Cases:

Draft Course Schedule

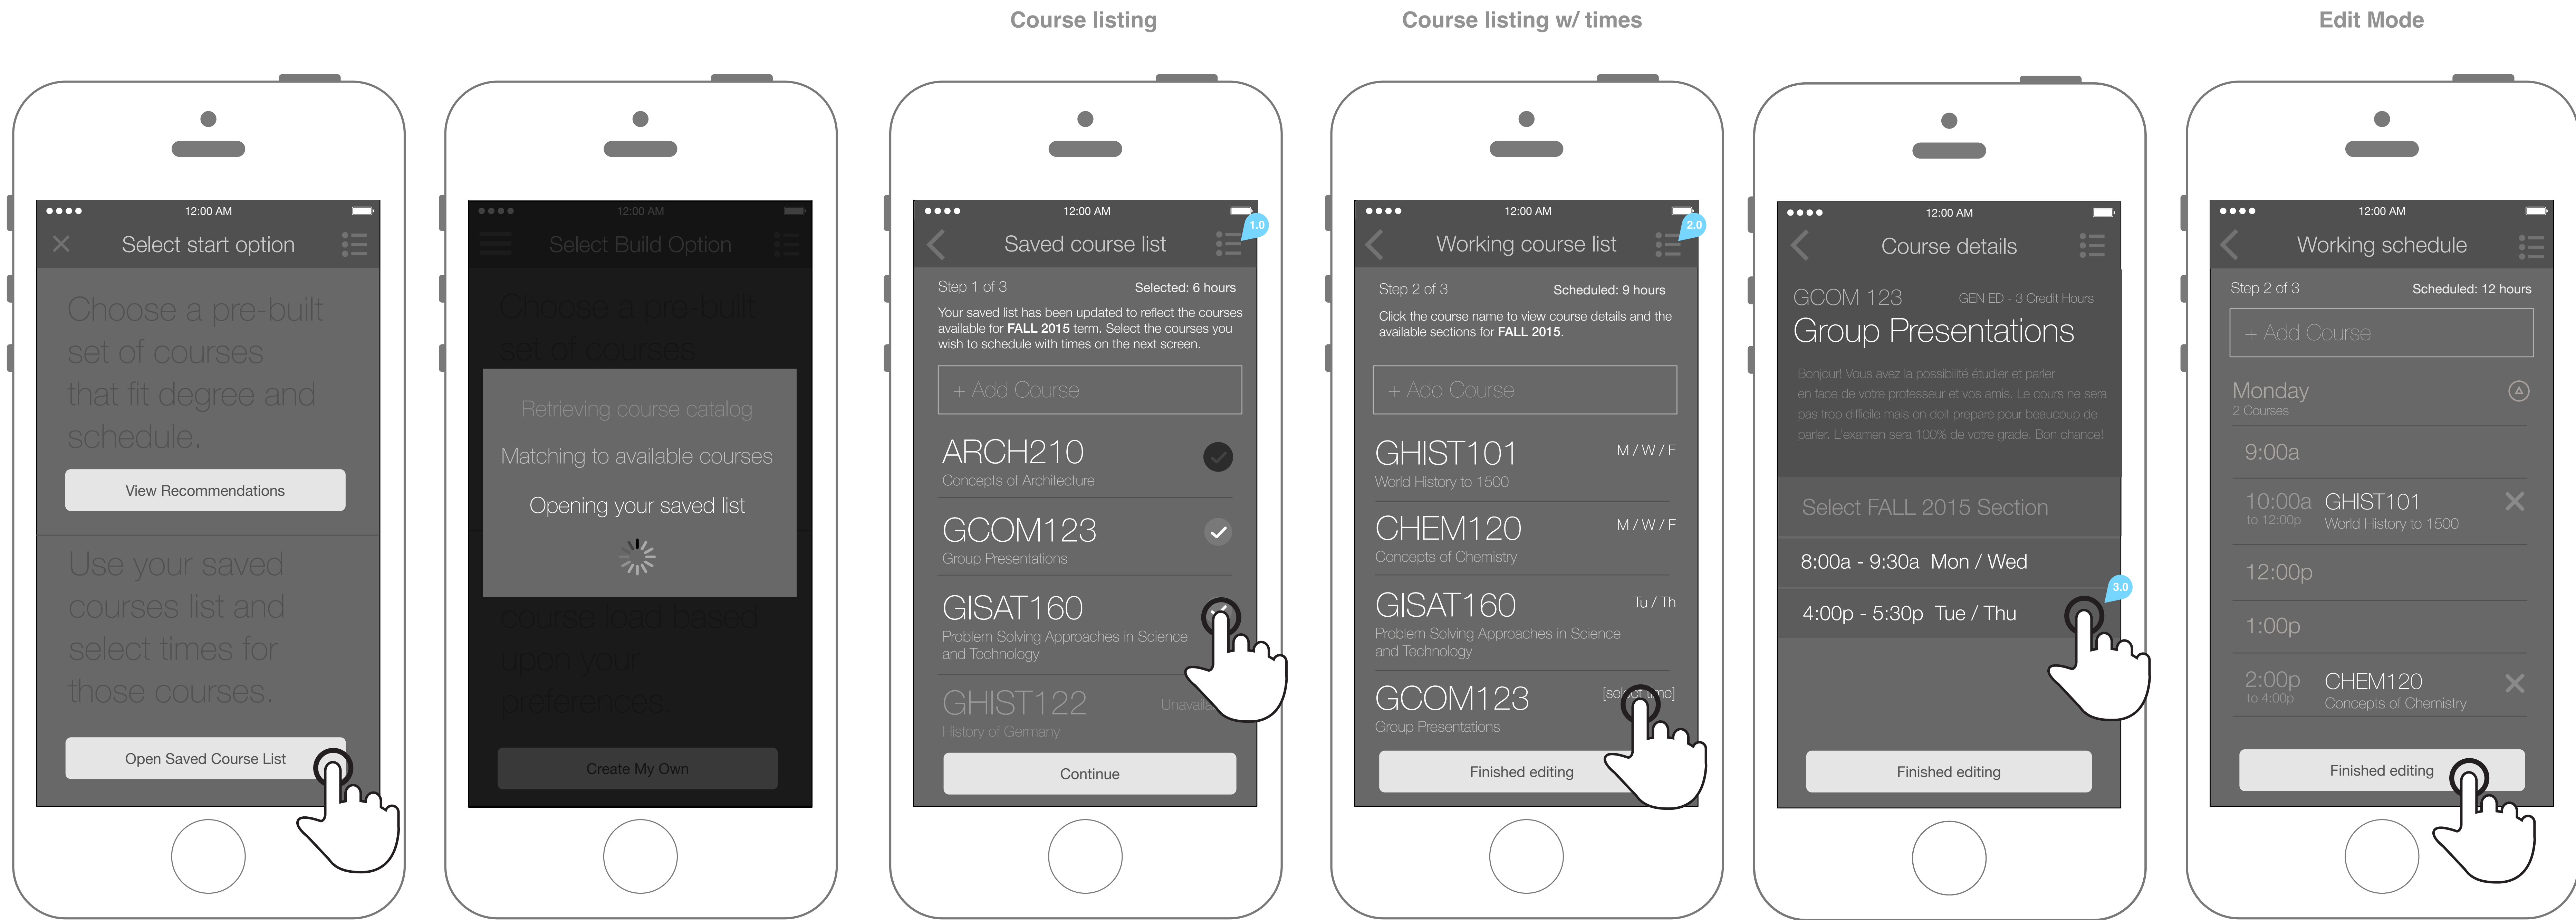

As a student I want/need to Prepare my schedule before first day of registration because I don't want to have to figure it out "on the clock"; I want to share my schedule with friends, advisor, family; I want to have a couple of options in case I don't get into some of the courses I want; I want to ease my anxiety/be in control

1.0 Mode menu options

Menu items include:

- View as course list
- View as schedule
 - Include free time
 - View scheduled time only
