Curriculum Vitae

Aaron Andrew Ang is a Cinematographer who grew up in sunny Singapore. Having graduated from LASALLE College of the Arts with a BA(HONS) in Film, his multidisciplinary approach to filmmaking is influenced by his sensitivity and past experiences.

Stylistically, he has developed a special fondness for experimentation tapping on tools such as physical effects, natural light, darkness, dark humour, design and, beauty.

Translating the human condition into luminescence, composition and movement, Aaron infuses his films with a youthful and daring expression, fusing unfiltered emotion with a distinctive cinematic aesthetic.
